

Fisher Scientific Online Purchasing

1. Users will have to request to be registered for a Fisher Fast online purchasing account from EliteCanada@thermo.com, or by calling customer service at 1-800-234-7437. They will need to provide: first and last name, email, room #, and building where lab is located. This account will allow users to see McMaster contract pricing and to place orders online only using P-cards. Please note that Fisher Fast does not accept PO #'s as a valid form of payment, as per instructions from McMaster Procurement department.
2. Once end users receive their login credentials they will need to go to: www.fishersci.ca

3. Enter login credentials to log into Fisher Fast account. Search for products using the search field

A screenshot of the Fisher Scientific login and search interface. It features a 'UserID or Email' input field, a 'Login' button, and a 'Search' button. Below the login field are links for 'Change Password', 'Forgot Password', and 'Register For an Account'.

4. Once product(s) of interest are found, click on **Add Products To Shopping Cart**

A screenshot of the Fisher Scientific website showing a product page for 'PCB Mixture (For EPA 525.1)'. The page includes a search bar, navigation tabs, and a product table. A red arrow points to the 'Add Products to Shopping Cart' button, which is circled in red. The product table has columns for 'Item description', 'Catalog No.', 'Qty', and 'Your Price'. The 'Add Products to Shopping Cart' button is located below the table.

Item description	Catalog No.	Qty	Your Price
Ampule, 1x1mL PCB MIXTURE 1X1MLQ	US-RPCM-525-1 Ultra Scientific No: RPCM5251	<input type="text"/>	\$98.68 / Each

- To place an order and pay using P-card (which is the only form of payment accepted on Fisher Fast), click on **Checkout**
