

ONLINE PROGRAM SALES

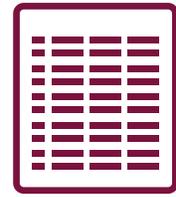

For custom group orders, crested@mcmaster can host your apparel for preorder on the **McMaster Campus Store website!** We'll add a small \$2.00 fee to the cost of every garment, and in exchange, here's what we offer:

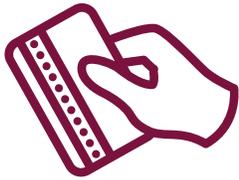

Mockups with your artwork and chosen garments

A custom flyer so you can advertise the clothing sale

Size charts for each online product, for all available sizes

Collection of all payments and order details

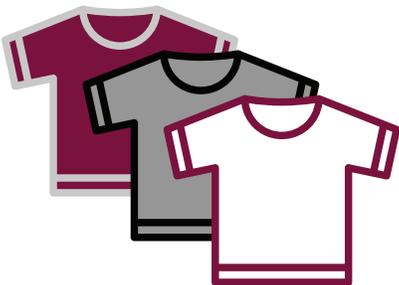

A two-week ordering window for your group to shop

Customers have the option of in-store pick up or having the items shipped

After the sale concludes and your garments are taken offline, production of your custom apparel takes about 3-4 weeks to complete, then our Web Team processes and sorts each order. Everyone in the group will get an e-mail when their orders are ready for pick up or have been shipped (including a tracking number).

You can choose up to three different items for your sale, and you can host one sale per school term. For example, in the fall you could offer a crewneck, a hoodie, and a long sleeve — then in the spring, you could offer a t-shirt in three different colours.

Our minimum of 15 orders per item must be met, so it's your job to make sure everyone knows about the sale!

If you have any questions, please send us an e-mail at crested@mcmaster.ca.
